## **Corps reviews permit application** ***Permit requested from Valley County, Idaho***

**WALLA WALLA, Wash.** – The U.S. Army Corps of Engineers is reviewing an application requesting a Department of the Army permit for certain work in waters of the United States. The public notice regarding the permit application listed here was issued June 19.

Public Notice NWW-2007-315-B01, requested by Blackhawk Partners, LLP, proposes to discharge fill material to construct roadway infrastructure and lot fills for Phase 1 of the Blackhawk Meadows Subdivision. The project is located in Duffner Creek, unnamed overflow channels of the North Fork Payette River and adjacent wetlands, in Valley County, Idaho. Comments must be received by July 10. A copy of the public notice may be found at [www.nww.usace.army.mil/html/offices/op/rf/pn/2007-315.pdf](http://www.nww.usace.army.mil/html/offices/op/rf/pn/2007-315.pdf).

The Corps of Engineers is soliciting comments from the public, federal, state and local agencies, Native American tribes and other interested parties on these permit requests.

The Corps issues or denies permits for the discharge of dredged or fill material into waters of the United States under authority of Section 404 of the Clean Water Act and for work in or affecting navigable waters of the U.S. under Section 10 of the Rivers and Harbors Act of 1899.

For more information on any public notice under consideration by the U.S. Army Corps of Engineers, please visit the Current Public Notices section on the Walla Walla District's website at [www.nww.usace.army.mil/html/offices/op/rf/rfhome.htm](http://www.nww.usace.army.mil/html/offices/op/rf/rfhome.htm).
